

## LION KING SAFARI

3 nights, 4 days

R 9150.00 p/adult

R 4500.00 p/ child u/12 u/2 free

An ideal safari for the family, whether you're young or old ... spot the hippocrocoduck from your open game vehicle at Lionspruit, Kruger National Park and the Crocodile river at sunset, the time that many animals come out to eat! Learn about the famous Big 5, and see who can find them first. You'll have a whole morning in the Kruger Park to spot some more.

Learn about the ele's, get to feed and touch a real big fellow. Ask mum & dad to take a photo.

And ... for a huge and scary surprise, visit dinosaur park, where life size dinosaurs await you, wow! Then, experience the monkeys at Chimp Eden after a Junglicious lunch. Chimp Eden (also called the Jane Goodall Institute) is world famous and is often shown on DSTV Animal Planet.

Walk in the real bush in Africa, where you may spot friendlier animals including buck, zebra, giraffe, buffalo, warthog etc. But we're sure you'll be just as delighted with the baby 5, so many dung beetles, spider webs 'n bugs to find.

You'll be served delicious dinner in a real African boma, Lapa or dining room. The boma has a big fire and you'll even see two huge elephant skulls, looking ooh so spooky by candlelight.

On a clear night, you can see many stars ... the African skies are endless.

At bedtime as the crickets chirp, you'll be telling mommy and daddy the tales of your very own African safari .... Sleep tight!
